

## Side Emitting Ribbon Technical Information

Side Emitting LED Ribbon, as the name suggests, the LEDs are mounted on the edge which creates an actual beam angle. This keeps dimensions to a minimum and allows for feature lighting in the smallest of locations. Ideal for use on stairs, Kitchen Kick Boards, Bar Fronts, Shower & Bathrooms, etc..

Wattage Per Metre	4.3
IP Rating	65
Maximum Single Length	5m
LED Brand	Epistar
Colours Available	Extra Warm White 2500-3000k Warm White 3000-3500k Cool White 6000-6500k Red Blue Green Amber Violet Pink
RGB Available	No
Cut Points	Every 50mm / 3 LEDs
LEDs Per Metre	60
Lumens Output Per Metre	420 (Based on White)
Lumens Per Watt	97.7
Dimensions	5mm (W) x 2mm (H)
Beam Angle	Greater than 120 degrees
Lamp Life	50,000 + Hours
Fixing	3M Tape

### Dimming

12v Dimmer  
with or without  
Remote

0-10v Module  
Use with 0-10v  
System

DMX Module  
Use with DMX  
System
